| Firmware Version: | 1.0.3 |
| FPGA: | N/A |
| PC (Recommended): | i7 Processor, 8GB, USB3, Windows 7, 8.1 and 10 all 64 BIT only |
| PC Configuration (Required): | Please refer to ODS User Guide 1.0.6 |

Date: 06/6/2018

Subject: Crowley ODS 1.0.6 Software Release

Part Number: 8700020

The Crowley Company has issued a new production version of the Crowley ODS Software: Release 1.0.6. This new version of the software only works with the following:

Crowley ODS: All PC and Touch Panel models

A NEW FEATURES IN THIS RELEASE

- A.1 Simple Interface has a new layout and is set as default operation for when the ODS Software initializes. Full details are shown in the ODS User Guide within the section “Live Mode Control Panel, Simple Interface.”
- A.2 Sharpening filters available in both interfaces
- A.3 Calibration now carries out a LIGHTS ON calibration and a LIGHTS OFF calibration. If carrying out an UPGRADE of the ODS software, the light calibration will need to be forced to be re-calibrated. This can be carried out by entering “Administrator Settings,, “System Settings,” “Reset Calibration.”
- A.4 A microphone can now be purchased for the ODS Touch Panel, if the Voice Recognition feature is to be used. Please refer to Appendix E in the ODS User Guide.
- A.5 If “Free Form” is selected in the Start-Up Wizard, a frame will appear around an image automatically
- A.6 Start-up Wizard now has different functions available depending on whether starting with “Simple Interface” or “Advanced Interface.”
- A.7 Improvements to “ODS Demonstration Mode.”

B COMPATIBILITY WITH HARDWARE AND FIRMWARE

- B.1 This software is compatible with all Crowley-only ODS units
- B.2 This software is compatible with all FIRMWARE revisions
- B.3 PC Specification:

Crowley pursues a policy of continuous product improvement and reserves the right to change these specifications without notice.
